

Fees for Green Seal Certification under GS-55 Standard for Restaurants and Food Services

Green Seal's fees are based on annual sales/revenue of the restaurant or food service operation being evaluated. The fees reflect the basic cost of evaluating, certifying, and monitoring the operation under a contractual application and license agreement with Green Seal, Inc. As a 501(c)(3) non-profit organization, Green Seal uses the revenue from fees to help us realize our mission to create a more sustainable world.

Evaluation and Monitoring Fees

Evaluation and monitoring fees apply to all Green Seal-certified restaurants and foodservice operations. Please [click the buttons](#) below for details on fees. If you have questions, please contact Green Seal at (202)872-6400 or email certification@greenseal.org.

Evaluation for Certification

Each operation is evaluated to verify that it meets the GS-55 standard. The full evaluation fee is due at the time of application. The evaluation fee covers the evaluation of the products used, policies, procedures, and materials and literature that include reference to Green Seal. Out-of-pocket costs, such as costs for travel for an on-site audit, are not included in the evaluation fee.

Compliance Monitoring

Once a restaurant or food service operation is certified, periodic compliance monitoring is conducted to ensure that the requirements for certification are still being met. Monitoring involves a review similar to the initial certification evaluation. Compliance monitoring fees include the review and the 12-month license to use the Green Seal Mark, and are due annually on or before the anniversary of certification.
